

# Apiti School

**2011**

**End of Year Report  
For**

**Travis**

Teacher : **Nicki Fielder**

Principal : **Mary Cuming**

Class for 2012 :     Year

Attendance:     Satisfactory / ~~Unsatisfactory~~

# Pupil Report

<p><b>Literacy and Communication</b></p> <ul style="list-style-type: none"> <li>• Listening</li> <li>• Speaking</li> <li>• Reading</li> <li>• Writing</li> <li>• Viewing</li> <li>• Presenting</li> </ul>	<p>In my PAT Listening Comprehension, I am at stanine 6 which is at the expected level for my age. I am really proud of that. I am reading at a 6-7 year old level and really working to improve my reading level. My strength in reading is my comprehension. This is understanding what I read. My goal is to improve my reading accuracy as this will help me become a better reader. Accuracy is reading the words. My goal is to stretch out the sounds in my words to get better at my accuracy. Sometimes I break a word into chunks (Beginning, middle, end). I enjoy reading to self. I really enjoy reading with others because this helps me with my reading accuracy.</p> <p>I am writing at level 1ii-1iii which is working towards the expected level for my age. I am now better at sounding out my words to write the correct sound in the words. Toe by Toe has really helped me to think about the sounds in words. I am now good at thinking about imaginary stories to write. I am learning to add some details. This is a good goal for me.</p>
<p><b>Mathematics</b></p> <ul style="list-style-type: none"> <li>• Number</li> <li>• Other strands</li> </ul>	<p>I am work at Stage 4 (advanced counting). I have learnt to use addition to solve multiplication problems. I can use addition facts to find fractions of a set. I am proud that I can break numbers up to solve two digit addition problems. My next step is to use a range of strategies to solve problems. I have enjoyed learning how to subtract in parts because I am good at it. I often help my group to learn more in maths and how to solve problems.</p>
<p><b>Integrated Topic</b></p> <ul style="list-style-type: none"> <li>• Learning and Thinking Skills</li> <li>• Understanding</li> <li>• Communication and Information Technology</li> <li>• Education for Sustainability</li> </ul>	<p>I manage my learning by listening and following instructions. I was proud of my lamp because it came first. I think this is because I powered it with batteries.</p> <p>At Lamb and Calf day I drew calves and lambs. I really enjoyed doing this because we had time to draw and to practise so we get better at drawing animals. I think we can do more drawing and I think we will!</p> <p>My Science Investigation was about Pop guns. I learned about the forces and how they work. I enjoyed making my pop gun and learning about them.</p>
<p><b>Key Competencies</b></p> <ul style="list-style-type: none"> <li>• Managing self</li> <li>• Relating to others</li> <li>• Participating and Contributing</li> </ul>	<p>I am good at managing my gear. A good example of this is on the ski trip as I didn't lose anything.</p> <p>I am getting much better at organising my time. I know what I need to do and I get on and do it. I am getting better at setting myself goals and thinking about the steps to achieve them. This is a good thing for me to keep practising next year.</p> <p>I get on with everyone and have really helped the year three's learn how we do things. I am proud of this.</p> <p>On our school camp I worked well with the adults and everyone at camp. I am enjoying school.</p>

<b>Health and Physical Education</b>	I am proud of my running because I don't fall over. I get faster at running each time I practise. For the triathlon my goal is to get 4th or better. I am learning from people like the Run Jump Throw man who has been helping me get better at shotput. I have learnt a better shotput technique. I have got so much better at hurdles. I can get better and achieve my goals through practise, practise, practise! My next step is to get better at high jump by sprinting at the cone. I have enjoyed getting faster each time I practise the sprints.
<b>The Arts</b>	I am proud of my lamp because I got 1st at Lamb and Calf day. I really enjoyed learning how to play the percussion instruments and I was good at keeping in time. I am proud of my calf drawing because it looks fantastic. I thought my 3D sketch photo was amazing because it looked like magic. My goal for next year is to learn the guitar and learn to sketch better.
<b>Personal Interest and Contribution to School life</b>	This year I have helped a lot with our native area. I have helped with weeding and planning it. As a recycler Tom and I have worked well together to take the rubbish out and keep our recycling shed and the school clean. I am proud of how I have been helping David through the year. I have helped him settle into the senior room. I have helped him get ready with his basic facts in maths. I like maths, our reading CAFÉ programme, writing, handwriting and free typing. Next year I am looking forward to getting better at my writing and linking when I am handwriting. I can do this when we write about the things we do at school and at home.

## Teacher Comments:

This is a true and accurate record of Travis's learning and progress this year.

Travis really has given 100% to his learning this year. Well done Travis!! He is learning to set himself goals to progress. A great example of this has been the effort Travis has made when focussing on his accuracy skills in reading. He is practising stretching out the word and breaking it into chunks to read the word. He is just beginning to transfer these skills into his writing. Well done Travis. I look forward to seeing you do this more in 2012!

Travis has picked up strategies in maths quickly this year and has helped me teach the others in his group. He has taken pride in this and it has fantastic to see his confidence grow. He needs to keep practising his doubles and addition/subtraction facts to make 10 and 20 so that he can keep solving problems quickly and progress at a higher level. Travis has joined in with all areas of sport and fitness this year and his progress has been HUGE! Well done Travis. Remember to keep striving to do your best! Lots of little steps end up as one huge stride!!

Travis - Well done this year Travis! Remember to read every day in the holidays. Find a spot to read to yourself like you do in the CAFÉ programme or read a book with Derek, mum or dad.

Don't forget to practise your doubles and making 10 and 20 by adding numbers!!

Have a fantastic break ready for a great 2012!!
